Summary: On April 21, 2003, Leslie Katz, Regional Vice President, Regulatory Affairs for Sempra Energy Utilities (Sempra), met, on behalf of Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E), with Cmmr. Wood in San Francisco. Also present were Steven Weissman and Manuel Ramirez, advisors to Cmmr. Wood, and Lee Schavrien, Vice President, Regulatory Affairs, for Sempra. Schavrien referred to the recently issued scoping memo and pointed out that almost all of the areas in which the scoping memo orders supplemental testimony are either already covered by testimony filed with the applications, or are duplicative of matters being considered in other proceedings. Schavrien stated that under the schedule provided, at best, a final decision might be issued in May of 2004, and that this would result in revenue requirement loss and inefficiencies in the companies' operations due to the variables that would result from a delay in a final decision. Katz stated that the only remaining area for supplemental testimony is workforce diversity. Schavrien also indicated that the schedule for cost-of-service elements proposed by SoCalGas and SDG&E is a compromise between the schedule the applicants had proposed and the schedule that the Office of Ratepayer Advocates had proposed. Schavrien suggested that the Commission issue a decision that will establish interim rates January 1, 2004 and create a memorandum account for each utility to track the revenue requirements.

Summary: On April 22, 2003, James Scarff, counsel for the Office of Ratepayer Advocates (ORA), met with Tom Long, advisor to Cmmr. Lynch, in San Francisco. Written material (attached to the notice) was used. Scarff stated that ALJ Evans' proposed decision (PD) erred badly in not addressing ORA's \$4.2 million audit adjustment to flow through the payments received from polluters to the ratepayers who have paid the higher costs for the purchased water. Scarff argued that the PD needs at least to be amended to credit these payments from polluters to ratepayers. Scarff explained that there is no need to hold additional hearings or have additional briefs on the question, although ORA would have no objection to oral argument.
